Yugayatra Retail (OPC) Private Limited

Software Engineer Intern

March 2026 - Present

- Contributed to development of FreshIn10, a quick-commerce platform enabling 10-minute delivery of groceries using hyper-local logistics.
- Collaborated with senior developers, using Git and pull requests for code contributions.

Web Development Club & IEEE Student Chapter

Public Relations Associate

August 2025 - Present

- Conducted 5+ technical events, workshops, and hackathons.
- Coordinated outreach and increased student participation by 50%.

Institute of Electrical and Electronics Engineers (IEEE) & Computer Society of India (CSI)

Active Member

August 2025 - Present

- Engaged in technical seminars, workshops, and collaborative learning initiatives.
- Co-led technical discussions and knowledge sharing sessions focused on emerging technologies and industry trends.

PROJECTS

Yukti AI | [Live Demo](#)

Febraury 2026

- Engineered an AI-powered coding assistant that analyzes and improves code for 20+ programming languages by detecting errors and generating optimized solutions.
- Designed an interactive interface that allows users to submit code snippets and receive real-time debugging suggestions.

Smart Community

December 2025

- Developed a platform enabling 50+ residents to report issues, share updates, and access local community services.
- Implemented features for community announcements, service requests, and easy aminity booking which makes 20% tasks easier.

Event Management Application

September 2025

- Built a web platform for event creation and management, reducing organizing effort by 50%.
- Worked on responsive UI and smooth navigation.

Campus to Corporate Application

May 2025

- Created a web platform that helps 200+ students transition from campus to corporate environments.
- Included career guidance and structured learning paths.

ACHIEVEMENTS

- 1x Hackathon Winner (300 teams participated). [Certificate](#)
- Shortlisted among the Top 90 teams out of 600 for Smart India Hackathon 2025.

CERTIFICATIONS

- Programming in Java (Elite-Silver, 86%) – NPTEL [Credential](#)
- Explore Generative AI – Microsoft Learn [Credential](#)
- AWS Solutions Architecture Job Simulation – Forage [Credential](#)
